Our Business with a Purpose

Our Culture

Our Big Hairy Audacious Goal (BHAG)

Welcome Message

Chào ban! Hello.

Welcome to the Roll'd Family! We're absolutely thrilled that you've chosen to join us, and we can't wait to embark on this amazing journey together. Our roots are firmly planted in Vietnamese culture, where family bonds are at the heart of everything we do. And now, by becoming part of Roll'd, you're officially part of our family too — a family united by our passion to share our obsession for fresh Vietnamese food and culture with the world.

We're committed to ensuring that every interaction within our Roll'd community, whether with our team or our customers, reflects our dedication to delivering speedy, fresh, and unforgettable Vietnamese-inspired dishes. We take immense pride in fostering an environment where everyone — from our team members to our franchise partners — is empowered to excel both personally and professionally.

Just like any family, we celebrate each other's successes, hold each other accountable, engage in lively discussions, and always treat each other with respect. Drawing inspiration from our rich heritage, we serve up bold, zesty flavours to those craving a taste of something extraordinary. It's our way of honouring tradition, with a touch of that special Roll'd spirit.

So again, welcome — let's make some delicious memories together!

BAO HOANG
ROLL'D FOUNDER

“
Food is everything to our family. It's
what we laugh, cry and bond over, and
have done so since we were kids.
”

The Founders

WffWÆPRWfCP,

Bao Hoang grew up with a monstrous appetite for his mother's traditional Vietnamese home cooking. Formerly a Physiotherapist and with experience working as a franchisee, Bao's passion for entrepreneurship combined with his love of food, family and heritage inspired the idea for Roll'd.

Enlisting school friend and suited banker, Ray Esquieres, was the first natural step. With extensive experience from his time at JP Morgan, The Suit had all the skills required to become the Roll'd operations guru.

Next came Mr. Hospitality, Tin Ly, to complete the winning trifecta. Tin grew up working in his family's Vietnamese bakery and, along with hands-on hospitality experience, he brought his family's specialty — the Bánh Mi — to the mix. On the opening day of the first Roll'd store, the three were very proud of the organised chaos they had created with their rice paper rolls selling out in just one and a half hours!

**Fast forward to today,
having opened over 140
stores across Australia
and international
expansion in the works,
the Roll'd Vietnamese
phenomenon shows no
sign of slowing down!**

The Roll'd Story

In 2012, Bao, a Physiotherapist and Franchisee, teamed up with his wife Ange, and friends Ray and Steph, driven by a shared passion for Vietnamese cuisine. Inspired during a dinner conversation about the lack of Vietnamese takeaway options, they brainstormed various names, settling on the catchy "Roll'd." Thus, the journey of this Vietnamese culinary adventure began.

In November 2011, the Roll'd journey took an unexpected turn when Bao, Ange, Ray, and Steph bought a quiet Italian café in Melbourne's Goldsbrough Lane. Facing a challenge as none of them knew how to run a food business, they enlisted Bao's cousin, Tin, to help during their overseas trip. Despite Tin and Ray never having met, they crafted a plan: Tin would train them and manage the café while they were away, with the eventual transition to Roll'd. The team faced a steep learning curve, from barrister training to menu adjustments. After convincing the landlord and navigating a hectic opening day, Roll'd emerged, serving 800 customers a day within six months. This marked the beginning of their remarkable journey, overcoming challenges one roll at a time.

But, Roll'd came to life with a bang! A queue of 50 eager customers formed before the doors even opened on their first day, proving they had struck a chord in Melbourne's food scene. The excitement was palpable as they served a constant stream of customers, despite running out of food by 1:30pm of the day. Though their initial revenue was slightly underwhelming at \$1400, the team was undeterred. Fueled by determination, they worked tirelessly, with Ray, Tin, and Steph spending nights preparing food. Within six months, Roll'd was serving 800 customers daily and raking in \$8000/day, paving the way for their remarkable journey.

These boys set the tone for what is now Roll'd. They paved the foundation that defines success in a Roll'd Store and what we see today - never run out of food, serve as many customers as possible and build a strong culture behind you to support your dreams!

Our Purpose, Vision, Mission & Values

Our Purpose, Vision, Mission and Values are fundamental to our success. We have a Purpose we're working towards, a Vision for our future, a Mission that defines what we are doing and focused on every day, and our Values that shape our decision, behaviours and drive our actions.

Our Purpose, Vision, Mission and Values are the heartbeat of our business.

We have developed meaningful Vision, Mission and Values Statements that play an important role in defining our business decisions and actions. They are the guiding principles that drive performance at all levels of our business. They help keep us focused, unite to give us direction and provide a solid foundation to grow.

Every member of the Roll'd family is expected to live our Purpose, Vision, Mission and Values.

Our Mission

TO DELIVER fast and fresh Vietnamese inspired fare with surrounds and service that provides a memorable customer experience.

TO DEVELOP a robust and highly profitable business model that allows stakeholders and Franchise Partners to enjoy their desired work/ life balance.

TO FOSTER a highly energised, focused and passionate culture that empowers employees to achieve excellence both professionally and personally.

Our Company Values

Values are beliefs we consider to be worthwhile. They represent our highest priorities and deeply held driving forces that guide our actions and decisions.

Our Values are there to consult whenever you need to make a key decision.

Every member of our Roll'd community brings our Values to life every day, so that we will achieve our Vision.

PURPOSE. VISION. VALUES.

PURPOSE

To share our obsession for fresh Vietnamese food and culture with the world.

VISION

To be a global household name for sustainably delivering innovation in food and business.

ME VALUES.

These are a given, it's just how you show up to even get a look in, because it means you're a good human.

LOVE

Follow the golden rule: treat others as you want to be treated.

RESPECT

Embrace our differences and trust in good intentions.

INTEGRITY

Act like it's yours and seek the truth, know what's right, then choose to be kind. But if kind stands in the way of positive growth, lean into truth. Be tactfully honest.

COMPASSION

Truly watch and listen to a problem, and do the next right thing.

WE VALUES.

These are the values unique to Roll'd and will help us succeed in our vision, purpose and just cause. Special things happen when we do these things. It's what we call 'Roll'd in Magic'.

BE BOLD

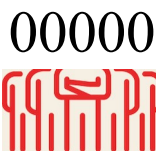

Fuel the entrepreneurial spirit. Speak up, stand our ground and make the tough decisions to champion the cause. Dream up the ideal, and have courage to make it real.

WIN GENEROUSLY

Make decisions that lead to wins for our customers, for our people, for our partners and for our business.

Support each other's success by sharing our own time, talents and intelligence. Cheers your teams and throw a celebration. Recognise and reward exceptional performance (don't be shy to take a bow). Show gratitude and give back to a worthy cause.

FAVOUR PEOPLE OVER PROCESS

Obsess over the 'who-to' - our customer, our teams, our partners and the 'how-to' will follow. Give freedom to explore and collaborate to foster creativity. Make judgements using context instead of controls. Create meaningful relationships by making connections, not transactions. Hire passion over profession.

MAKE MEMORIES

Put your fun suit on and make every moment count. Create moments to remember, not to tick-boxes.

KEEP
IT CAL

KEEP IT REAL

Serve up the real and best version of ourselves, our food, our service and our brand. Honour our individuality and our collective pasts to drive a better future. Heritage is our special sauce. Don't use sparingly. Own our quirks and learn to laugh at ourselves. Vulnerable is relatable.

OWN YOUR PART

Value self-discipline and self-drive for the good of the team. Fear indecision and inaction, not mistakes and failure. Be quick to admit mistakes, even quicker to learn from them, then resolve them. Know when you're the superstar, and when you should bench and don't be afraid to ask for help. We leave egos at the door; with our shoes.

CROW INFINITELY

Stay relevant by forever evolving, or even reinventing. Inspire others with your passion for excellence and continuous improvement. Strive for sustainable solutions that leave things better than we found them.

CRAVE THE HUSTLE

Stay hungry, keep moving and be prepared for constant change. It's the world we live in. Jump into chaos and find the opportunities. Make escaping the routine, part of the routine. Crave new tastes and experiences. Treat each service, each meeting, each order, each delivery as an opportunity to mix it up, challenge the status quo or make a positive difference, big or small.

Ro///%stm/ic

Our Brand Personality

If Roll'd were a person, this is what they'd be like if you invited them around for dinner.

She is the "cool aunt" that has hints of the latest trends yet subtle and all the while, turning all heads as she walks into the next and newest trendy restaurant. Because as much as she loves her Vietnamese food, she has an appreciation for food as an art on the plate and the palate.

Behind the image, she is dedicated, purposeful and speaks with meaning.

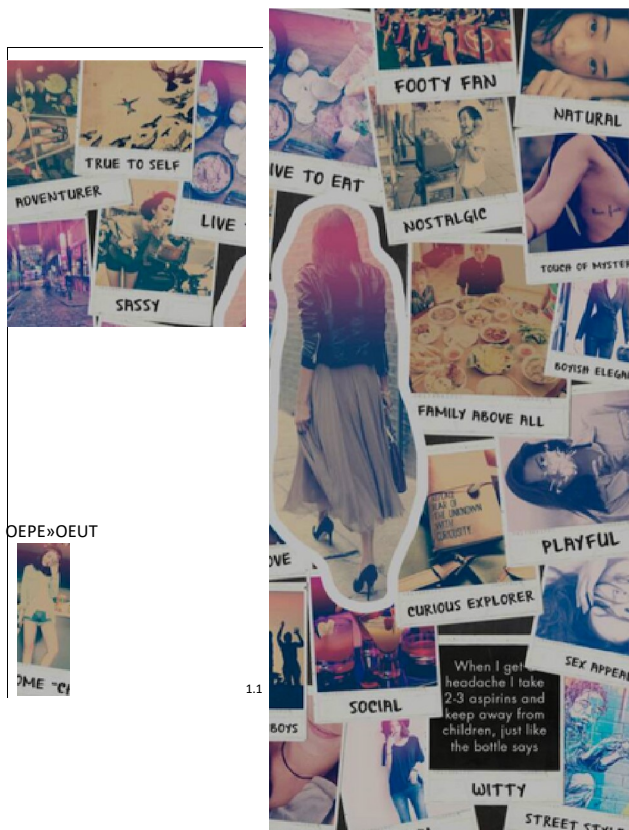

She is sensorial and playful. Not whimsical, childish or flirty.

She is original and conversational. Not formal, unimaginative, or bland.

t She is accessible and straight up. Not confusing, verbose or unnecessary.

She is witty and clever. Not obvious, judgemental, or lazy.

At Roll'd, we take pride in cultivating an environment that embraces originality and a "be yourself" kind of vibe. When you step onto the service floor in our stores, you can also be whoever you want to be - be BOLD! But just know that you are here because of you. Roll'd has a personality and Roll'd chooses you to emulate the very attributes that make you unique and aligned in our community.

66

When you step onto the service floor in our stores,
you can also be whoever you want
to be - be BOLD!

Our Business with a Purpose

Blue Dragon Children's Foundation

From homelessness to trafficking, Blue Dragon Children's Foundation is an Australian-run charity that rescues children in crisis. To support this incredibly important work, we regularly organise fundraising events and campaigns, and donate our own contributions. To date, we've raised over \$200,000 for various Blue Dragon Children's Foundations projects. The charity, helps the Foundation to build boarding

houses in Northern Vietnam to improve educational facilities (including new classrooms and a water filtration system) , and lower the rate of school dropouts, which reduces the risk of human trafficking. More recently, we have raised over \$100,000 to build houses for families living in huts, to create stability and forge a better future for their children and next generations, as our parents have done for us through migration. For the details, find out more at bluedragon.org

Know One Teach One

know one, teach one

In 1999, Vietnamese-Australian and seasoned hospitality pro Jimmy Pham launched a unique culinary training centre — named KOTO — in Hanoi. Its purpose: to give at-risk youth the chance to escape a crushing poverty cycle. An acronym for 'Know One, Teach One' KOTO is a unique not-for-profit built on the idea that knowledge is meant to be shared. It was the first legally recognised social enterprise in Vietnam. And with a 100% postgraduate employment rate, the program has enriched the lives of more than 1,000 disadvantaged Vietnamese youth.

One Plate czo OnePlate

A social enterprise enabling restaurants to make a difference through the food we serve. (And that you eat). On selected menu items, \$1 is

donated to OnePlate every time you order. 100% of the donation goes directly towards funding sustainable food projects in developing countries. From rooftop gardens to fruit & nut orchards. It's about making a difference, one plate at a time

Our Culture

Our roots are embedded deep within Vietnamese culture where the very fabric of our existence is based on kinship. You are a brother, sister, uncle or aunty whether you are related by blood or not. When you become part of Roll'd, you become part of our family — a link that is unbreakable.

At Roll'd, we pride ourselves in providing the first foundation for our Team Members who may want to continue to develop their skills both professionally and personally. The possibilities are endless at Roll'd! Once you embark on this journey with us there is so much potential for everyone to grow and develop!

We surround you with spectacular people who have their own set of skills and talent that you are able to learn and develop from. We give you big challenges - the tough stuff. We want you to show us you can do it. We provide you with the tools, resources and context, if you are action-oriented and passionate you will seek more and this will not go

unnoticed.

We provide you with the best training possible to enhance your talent. We look for the effort and check if you are hitting goals. We have the pipeline. When we see the goals being reached, we get you ready for more. We give you that next opportunity, as we are big, fast, flexible, there are new opportunities that will come about for the spectacular person.

YOUR CAREER PATHWAY

1112011'"**BOH**TEAM MEMBER
